

How Can Westchester Help?

Production Editorial

- Staff-based US and offshore project management options
- Manuscript Review
- Manuscript Tagging and Prep
- Auditing assets and creating art logs
- Author Liaison and Management
- Line checks of page proofs
- Preparing abstracts and marketing copy
- Logging project milestones in the Westchester Client Portal or other project/asset management systems
- Recruiting and vetting freelancers including copyeditors, designers, illustrators, and more

Copyediting

- Digital markup and proofing, requiring no printing of pages
- Pre-edit tagging using industry standard manuscript tag sets
- Light copyediting
- Moderate and Heavy copyediting using vetted, tested, proven Subject Matter Experts
- Create alt-text for accessible epubs

Production Tasks

- Interior and Cover design
- Working with your designer to generate rough pages or handle corrections cycles on complex designs
- Typesetting in InDesign along with less common systems including 3B2 or LaTeX
- Applying Corrections and generating files for specific printers and epub platforms
- Preflighting all art for your printers' specs
- Art remediation
- Image research and illustration
- Working with your print-on-demand vendors to ensure that you can generate POD editions of your backlist during the current climate
- Backlist epub conversion in both reflowable and fixed layout formats
- Vetting epub files for accessibility
- XML conversion in BITS, JATS, and other industry standard or platform-specific DTDs

Project Management Software

- Our Client Portal provides up to the minute status on each project and its related tasks, removing the need to chase outside resources.
- The Client Portal can be licensed for internal use across your entire list
